

SAFETY DATA SHEET

According to 29 CFR 1910.1200(g)
& Canadian WHMIS 2015

DENSO PROFILING MASTIC

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name Denso Profiling Mastic

1.2. Relevant identified uses of the substance or mixture and uses advised against

Product Use Industrial use as a molding compound in prevention of corrosion.

Restricted Use Not intended for use by general public.

1.3. Details of the supplier of the safety data sheet

Company Denso North America Inc.
Address 90 Ironside Crescent, Unit 12
Toronto, ON M1X1M3
Web www.densona.com
Telephone 1 (416) 291-3435
Fax 1 (416) 291-0898
Email sales@densona-ca.com

1.4. Emergency telephone number

Emergency telephone number (24 Hour) Canutec 1 (613) 996-6666

SECTION 2: Hazards Identification

2.1. Classification of the substance or mixture

2.1.1. Health No significant hazard

2.1.2. Environmental No significant hazard

2.1.3. Physical No significant hazard

2.2. Label elements

Hazard pictograms

Signal Word

Hazard statement No significant hazard.

Precautionary Statement: Prevention No significant hazard.

Precautionary Statement: Response No significant hazard.

Precautionary Statement: Disposal No significant hazard.

SAFETY DATA SHEET

According to 29 CFR 1910.1200(g)
& Canadian WHMIS 2015

SECTION 3: Composition/information on ingredients

3.1. Substances

Chemical Name	CAS No.	Concentration (%w/w)	Classification
Pentane	109-66-0	0-0.5%	Flam Liq 2: H225 STOT-Single 3: H336 Aq Chronic 1: H410

NOTES:

SECTION 4: First aid measures

4.1. General advice	Seek medical advice. If breathing has stopped or is labored, give assisted respirations. Supplemental oxygen may be indicated. If the heart has stopped, trained personnel should begin cardiopulmonary resuscitation immediately.
4.2. Eye contact	Immediately flush eyes with plenty of water for at least 15 minute, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention.
4.3. Skin contact	Wash with soap and water. In the event of any complaints or symptoms, avoid further exposure. Wash clothing before reuse. Clean shoes thoroughly before reuse. For contact with hot product, flush contaminated skin with large amounts of cold water to dissipate heat. Cover with clean cotton sheeting or gauze. Get medical attention immediately.
4.4. Ingestion	Wash out mouth with water. If material has been swallowed and the exposure person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Get medical attention if adverse health effects persist or are severe. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.
4.5 Inhalation	Move exposed person to fresh air. Keep person warm and at rest. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Get medical attention if adverse health effects persist or are severe. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt, or waistband.
4.6. Most important symptoms and effects, both acute and delayed	
Eye contact	May cause irritation to eyes.
Skin contact	May cause irritation to skin.

SAFETY DATA SHEET

According to 29 CFR 1910.1200(g)
& Canadian WHMIS 2015

Ingestion May cause nausea and vomiting.

Inhalation Product is a paste. Inhalation may cause difficulty breathing or suffocation.

SECTION 5: Firefighting measures

- 5.1. Suitable extinguishing media Alcohol-resistant foam, Carbon dioxide (CO₂), Dry chemical, Dry sand, Limestone powder. Do not use a solid water stream as it may scatter and spread fire. Do not flush into surface water.
- 5.2. Specific hazards Decomposition products may include the following materials: carbon dioxides. Downwind personnel must be evacuated. Burning produces noxious and toxic fumes.
- 5.3. Special protective equipment for fire-fighters Fire-fighters should wear appropriate personal protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

SECTION 6: Accidental release measures

- 6.1. Personal precautions No action shall be taken involving any personal risk or without suitable training. As this product is a paste, simply wear protective gloves and recover material from release area (see section 8).
- 6.2. Environmental precautions Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains, and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).
- 6.3. Methods for cleaning up Prevent entry into sewers or water courses. Collect spillage.
- 6.4. Additional advice Note: see Section 8 for personal protective equipment and Section 13 for waste disposal.

SECTION 7: Handling and storage

- 7.1. Handling Put on appropriate personal protective equipment (see Section 8). Adopt best manual handling practices when handling, carrying and dispensing.
- 7.2. Storage Store in accordance with local regulations. Store in original container protected from direct sunlight in a cool area, away from sparks, flames, heat and sources of ignition.

SECTION 8: Exposure controls/personal protection

- 8.1. Control parameters
- 8.1.1. Exposure Limit Values Not regulated.
- 8.2. Control measures / Personal Protection
- 8.2.1. Recommended monitoring procedures None required.

SAFETY DATA SHEET

According to 29 CFR 1910.1200(g)
& Canadian WHMIS 2015

8.2.2. Engineering measures	None required.
8.2.3. Hygiene measures	Wash hands, forearms, and face after handling chemical products, before eating, smoking or using the lavatory and at the end of the working period.
8.2.4. Respiratory protection	None required.
8.2.5. Eye protection	None required.
8.2.6. Skin protection	Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product. This equipment may include, but is not limited to, impervious gloves. The breakthrough time of the selected protective glove(s) must be greater than the intended use period.
8.2.7. Environmental exposure controls	None required.

SECTION 9: Physical and chemical properties

Form	Solid	Vapor Pressure	ND
Color	Yellow	Relative vapor density	N/A
Odor	Mild	Relative density	0.6
Odor threshold	ND	Water solubility	Insoluble
pH	about 7	Partition coefficient (n-octanol/water)	ND
Melting point	176oF (80oC)	Auto-ignition temperature	ND
Boiling point	ND	Decomposition temperature	ND
Flash Point	>200°F (93°C)	Viscosity	N/A
Evaporation rate	N/A	Oxidizing	N/A
Flammable Limits	ND	Explosion Limits	ND

SECTION 10: Stability and reactivity

10.1 Stability	The product is stable. Under normal conditions of storage and use, hazardous polymerization will not occur.
10.2. Conditions to avoid	Stable under normal conditions.
10.3. Materials to avoid	Keep away from food, drink and animal foodstuffs.
10.4. Other hazards	Keep away from heat, sparks, and open flames.
10.5. Hazardous decomposition products	Will not decompose if stored and used as recommended. If decomposition occurs, products may include the following materials: Carbon oxides

SECTION 11: Toxicological information

SAFETY DATA SHEET

According to 29 CFR 1910.1200(g)
& Canadian WHMIS 2015

11.1. Acute health hazard	Product: Acute oral toxicity: ND Acute dermal toxicity: ND
11.2. Skin corrosion or irritation	Product: Remarks: None expected, but may be irritating to skin in susceptible persons.
11.3. Serious eye damage or irritation	Product: Remarks: None expected, but may be irritating to the eye in susceptible persons if direct contact occurs.
11.4. Respiratory or skin sensitization	Product: Remarks: None expected.
11.5. Germ cell mutagenicity	Product: Remarks: Not likely to have significant mutagenic effects based on components.
11.6. Carcinogenicity	Product: Remarks: Not likely to be classifiable as a human carcinogen based on components.
11.7. Reproductive toxicity	Product: Remarks: Not likely to have adverse effects on sexual function, fertility, and/or on development based on components.
11.8. STOT – single exposure	Product: Remarks: None known, but irritation to skin and eyes is possible in susceptible persons.
11.9. STOT – repeated exposure	Product: Remarks: None known, but irritation to skin and eyes is possible in susceptible persons.
11.10. Repeated dose toxicity	Product: Remarks: None known.
11.11. Aspiration toxicity	Product: Remarks: None known
11.12. Further information	Likely routes of exposure – skin and eye contact.

SECTION 12: Ecological information

12.1. Ecotoxicity	Product: Remarks: No data available.
12.2. Persistence and	Product:

SAFETY DATA SHEET

According to 29 CFR 1910.1200(g)
& Canadian WHMIS 2015

degradability	Remarks: No data available.
12.3. Bioaccumulative potential	Product: Remarks: No data available. Components: 64742-65-0 Remarks: Partition coefficient >3
12.4. Mobility in soil	Product: Remarks: No data available.
12.5. Other adverse effects	Product: Remarks: No data available. An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

SECTION 13: Disposal considerations

13.1. Waste disposal	The generation of waste should be avoided or minimized wherever possible. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional and local authority requirements. Avoid disposal of spilled material and runoff and contaminated soils in waterways, drains or sewers. Dispose of contaminated containers, soils, etc. in compliance with the requirements of environmental protection and waste disposal legislation and any regional and local authority requirements. Empty any remaining contents from packaging prior to disposal and dispose of as unused product. Do not reuse empty containers.
----------------------	---

SECTION 14: Transport information

14.1. UN number	Not Regulated
14.2. UN proper shipping name	Not Regulated
14.3. Transport hazard class	
International Carriage of Dangerous Good by Road/Rail	ADR/RID: Not Regulated
International Maritime Dangerous Goods	IMDG: Not Regulated
International Air Transport Association	IATA: Not Regulated
US Code of Federal Regulations	CFR: Not Regulated

SAFETY DATA SHEET

According to 29 CFR 1910.1200(g)
& Canadian WHMIS 2015

Canadian Transportation of Dangerous Goods
US Department of Transportation

TDG: Not Regulated

DOT: Not Regulated

14.4. Packing group

Not regulated

14.5. Environmental hazards

Environmental hazards: No

Marine pollutant: No

SECTION 15: Regulatory information

15.1. OSHA Hazards

None

15.2. CERCLA Reportable Quantity

Components	CAS No.	Component RQ	Product RQ
None			

15.3. SARA 314 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with section 314 EHS RQ.

15.4. SARA 311/312 Hazards

None

15.5. SARA Title III, Section 302 Reporting

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

15.6. SARA Title III, Section 313 Reporting

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 313

15.7. Clean Air Act

The following chemical(s) are listed as HAP under the U.S. Clean Air Act, Section 12 (40 CFR 61): None

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

The following chemical(s) are listed under the U.S. Clean Air Act Section 111 SOCM/ Intermediate or Final VOC's (40 CFR 60.489): None

15.8. Clean Water Act

The following Hazardous Substances are listed under the U.S. Clean Water Act, Section 311, Table 116.4A: None

The following Hazardous Substances are listed under the U.S. Clean Water Act, Section 311, Table 117.3: None

This product contains the following toxic pollutants listed under the U.S. Clean Water Act, Section 307: None

SAFETY DATA SHEET

According to 29 CFR 1910.1200(g)
& Canadian WHMIS 2015

15.9. US State Regulations

Massachusetts Right-To-Know None
Pennsylvania Right-To-Know None
New Jersey Right-To-Know None

California Prop 65

This product contains no chemicals known to the State of California to cause cancer or act as a reproductive hazard.

15.10. International Chemical Inventory Listing

TSCA (US)	Yes (All components of this product are on US inventory)
DSL (Canada)	Yes (All components of this product are on Canadian inventory)
AICS (Australia)	Yes (On Australian inventory or in compliance with inventory)
ICS (New Zealand)	Yes (On New Zealand inventory or in compliance with inventory)
ENCS (Japan)	Yes (On Japanese inventory or in compliance with inventory)
ISHL (Japan)	Yes (On Japanese inventory or in compliance with inventory)
KECI (Korea)	Yes (On Korean inventory or in compliance with inventory)
PICCS (Philippines)	Yes (On Philippine inventory or in compliance with inventory)
IECSC (China)	Yes (On Chinese inventory or in compliance with inventory)

15.11. WHMIS Hazard Classification (Canada)

None.

SECTION 16: Other information

16.1. NFPA

16.2. HMIS®

Caution: HMIS ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. Although HMIS ratings are not required on SDS's under 29 CFR 1910.1200, the preparer may choose to provide them. HMIS ratings are to be used with a fully implemented HMIS program. HMIS is a registered mark of the National Paint & Coatings Association (NPCA). HMIS materials may be purchased exclusively from J.J. Keller (800) 327-6868. The customer is responsible for determining the PPE code for this material.

SAFETY DATA SHEET

According to 29 CFR 1910.1200(g)
& Canadian WHMIS 2015

16.3. Text of Risk phrases in Section 3

16.4. Text of Hazard statements in Section 3

H225 – Highly flammable liquid and vapor.
H336 – May cause drowsiness and dizziness.
H410 – Very toxic to aquatic life with long lasting effects.

16.5. Notice to Reader

The information provided herein was believed by Denso North America (“Denso”) to be accurate at the time of preparation and prepared from sources believed to be reliable, but it is the responsibility of the user to investigate and understand other pertinent sources of information, to comply with all laws and procedures applicable to the safe handling and use of the product and to determine the suitability of the product for its intended use. All products supplied by Denso are subject to Denso’s terms and conditions of sale. DENSO MAKES NO WARRANTY, EXPRESS OR IMPLIED, CONCERNING THE PRODUCT OR THE MECHANABILITY OR FITNESS THEREOF FOR ANY PURPOSE OR CONCERNING THE ACCURACY OF ANY INFORMATION PROVIDED BY DENSO, except that the product shall conform to Denso’s specifications. Nothing contained herein constitutes an offer for the sale of any product.
